

## How to use

If you live for sports on TV, then *Hopper Magazine's Sports* section is for you. Programming is categorized alphabetically by sport, then by date and time, so you can simply reference only the live events you wish to view. With more than 60 networks featured in this section, you won't miss an inning, down, shot, lap or hand. Availability of regional sports networks is based on your geographical location and programming package subscription.
